

## Shipping News

Shipping men Friday heard with regret the news of the death of Capt. A. W. Nelson, who dropped dead from heart failure on the bridge of his ship, the Pacific Mail steamer Colombia, a few moments after he had berthed her at San Francisco at midnight June 17.

One of the best known men on the Pacific, Captain Nelson had been a skipper for more than 30 years. He appeared in good health and spirits when the Colombia came through here from the Orient on June 10. He was the author of a number of books on marine life, his masterpiece being "Yankee Swanson," detailing in effect the story of his own career.

## "Rough and Ready"

William Fox presents William Farnum in a spirited story of the western wilds in which he proves himself a man worth while.

Stratton prevents an elopement between Bess Brown and Jack Belmont, and the unnerved woman is still weeping upon his shoulder when Evelyn, warned by Jack, comes upon them and refuses to listen to any explanation from the man she loves and her girl chum. Despairing Bill takes to the open. There Evelyn comes to meet her father whom she believes to be a wealthy mine owner. The father, unable to face her and tell the truth, runs away and leaves the telling to Bill. Evelyn thinks his story trumped up to gain her sympathy, and turns to Jack, who plans to abduct her, after getting Bill out of the way, but Bill is not removed as easily as he planned, and in the end a Siwash puts a knife between Hack's ribs and leaves the lovers free.

## "Hard Boiled"

Corrine Melrose, prima donna in a musical comedy, is stranded in the little town of Nilesburg. Her last money she gives to help another member of the troupe of her home town not far distant. She herself refuses financial assistance from Billy Penrose, the tenor of the show, because of a passing fit of jealousy. The only person Corrine knows in Nilesburg after all the rest of the troupe has left, is Deacon Simpson, a hypocrite who made advances toward her during the last performance of the show. At the station the agent advises her that she might find a home with Aunt Tiny Colvin, an old lady with a reputation for wholehearted charity.

To her Corrine goes, and finds that the reputation held by the old lady is borne out in fact. But she is in severe financial straits. Deacon Simpson, also a money-lender, has advanced Aunt Tiny several small sums, payment of which he now demands. Aunt Tiny appeals to Corrine for help.

Penniless and unacquainted in the town, Corrine is hard put for it at first but at length she evolves a plan. She sets a trap for Deacon Simpson and employing all the wiles and arts of her profession soon has the old duffer enmeshed hopelessly—from his standpoint. When she demands Aunt Tiny's notes he readily hands them over rather than be the center of the scandal with which Corrine threatens him.

So Aunt Tiny is made happy. Then Billy returns, repentant and with money enough to start his own company. Corrine will have none of this, however. She prefers Nilesburg and when last seen she and Billy are running the leading hotel and laying plans to open a cabaret on the roof when the summer comes.

## "False Faces"

"False Faces" was written by Louis Joseph Vance and deals with the further adventures of "The Lone Wolf," the Paris Apache. In previous stories in which this figure was central he had been working systematically against the law. Now, however, in "False Faces" he turns his cleverness into channels to assist the Allied governments in their fight against German Secret Service agents.

But let it be said here and now that "False Faces" is no ordinary war spy melodrama. Mr. Vance's amazing ingenuity for conjuring up new and original situations, his ability to write suspense between every line of his work and his colorful descriptions which are never missed on the screen stamp his work as something unique, something apart from anything else ever before attempted in this line. As a result "False Faces" seems destined to entertain and thrill both those who followed the story in the Post as well as those who missed the Lone Wolf's adventures in printed form.

The star of "False Faces" is the celebrated Henry Walthall and its producer is Thomas H. Ince. The picture is released as a Paramount-Artcraft special and from the previous productions so released by this company you know what their definition of "special" is. Don't miss "False Faces."
